***IMPORTANT: READ AND FOLLOW THESE PROCEDURES BEFORE USING THE MULTI POSITION HOLSTER (MPH)**

- **UNLOAD FIREARM** before making adjustments to the MPH. Remove magazine and empty chamber.
- **NEVER** carry a weapon with a chambered round in the MPH.
- **ALWAYS** carry the weapon with an empty chamber and in the "SAFE" and "Decocked" position.
- **DO NOT** re-holster any weapon into the MPH with a chambered round.
- **DO NOT** re-holster any weapon into the MPH that is not in the "SAFE" and "Decocked" position.
- **MAKE SURE** that the holster is clear of all obstructions before re-holstering.
- **DO NOT** cock your weapon while holstered.
- **ALWAYS** secure your weapon with the MPH's Thumb Break (see drawings for reference).
- **ALWAYS** practice and train with an **UNLOADED FIREARM**.
- **NEVER** operate your firearm or firearm-related accessories (including the MPH) under the influence of alcohol or any other drug(s).
- **NEVER** expose MPH to high temperatures (180° F +) or an open flame or fire.
- Read your weapon's owner's manual and **DO WHAT IT SAYS!**
- Use MPH along with the appropriate attire.
- Push weapon all the way into holster until it stops, then secure with Quick-Release Retention Strap and Thumb Break.
- Join the NRA and get proper firearms instruction.
- Get a concealed Carry Permit.
- Use common sense when handling any weapon. Don't give the anti-gun lobby a chance to take away our 2nd Amendment rights - Act responsibly when using firearms.

FAILURE TO COMPLY WITH ANY OF THESE WARNINGS MAY RESULT IN SERIOUS INJURY OR DEATH.
